DESERTION ALLEGED—John W.
Whittington has brought suit for di-
vorce against Mrs. M. Whittington on
the ground of desertion.

GARAGE BURNED—The garage
owned by Constable J. L. Dates and
located on his home property in Syn-
dicate tract was completely destroyed
by fire early yesterday morning. A
collection of farm implements was
stored in the building and a quantity
of hard wood flooring stacked against
it multiplied the loss to \$200. There
was no insurance. There is not the
slightest clue as to how the blaze
started.

WAS NO RACE—When Chief of
Police Brishols yesterday afternoon
started to overhaul McKinley Rob-
erts, who was driving a motorcycle
at a city ordinance violating speed,
Policeman Strathly from afar thought
it was a race between a motorcycle
and an automobile. The motorcycle
officer gave "her the gun" and
started in pursuit. Just as the chief
came alongside of Roberts, Strathly
rolled up from behind and announced
that all concerned were under arrest.
And then when he had wiped the
dust from his eyes he found himself
confronting his superior officer.
Strathly had the time on Roberts as
did also Chief Brishols, so Roberts
was turned over to the policeman
who took him before Judge McBride,
who assessed a fine of ten dollars
and then remitted half of the
amount.

FOR ACRE CITY—With the order
for the removal of various buildings
in order to make possible the widen-
ing of Van Buren street, the West-
minster rooming house is among the
structures slated to go. This is an
eight room, frame building, with
broad porches. Yesterday M. H.
Shelton consummated a deal whereby
the building will be removed to Acre
City, four miles east on the Tempe
road. There it will be remodelled
into a small hotel, dining room and
barber shop. The contract for its
removal has already been let to Sam
Siegrist. Practically the only en-
gineering problem involved in mov-
ing the building to Acre City is that
of crossing the bridge over the canal
at Wilson road. It now seems that
it will be necessary to temporarily
remove the guard rails of the bridge
to allow passage of the structure,
which is 57 feet by 37 feet. The
placing of the building at Acre City
will be one big step in the making
of the tract a modern little city.

MENDED**—The new work of Thomas

tory of Arizona," was given quite
a high and well-merited recom-
mendation this week when at a meeting
of the state board of education the

the state board would suggest that
the book be placed in all the state

book of reference by students in all
